**LOCATION:** The Clem Miller Environmental Education Center, home of Point Reyes Summer Camp, is nestled in a coastal valley two miles from Limantour Beach and within the 70,000 acre Point Reyes National Seashore. The Seashore is a hotbed of biological diversity with nearly forty species of land mammals, a dozen species of marine mammals, nearly half the bird species of North America and over 900 species of vascular plants. Natural communities include dune, sandy and rocky beach, coastal grassland, Douglas fir and bishop pine forest, wetland, chaparral and wilderness lake. There is no public transportation available to the Education Center.

**GENERAL QUALIFICATIONS:** All applicants must be 18 years of age or older and possess current certification in standard first aid and CPR (adult & child) through August 14, 2010. **Naturalists and Counselors/Intern Naturalists** must be able to carry a 50 pound backpack for up to 8 miles over rugged terrain. **Naturalists** are required to have a clean driving record and a willingness to obtain a Class B/Commercial driver's license, a Bachelor's degree in natural science, environmental education or related field and at least 1 year of experience teaching children in a residential environmental education program. **Counselors/Intern Naturalists** must have considerable experience working with children and have completed at least 1 year of college or 1 season in PRSC Counselor-In-Training Program. **Head Cook and Assistant Cook** must possess a working knowledge of meal planning, food preparation, service and cleaning procedures and will work 9 additional days for food shopping.

## **ABOUT POINT REYES SUMMER CAMP**

Point Reyes Summer Campers come from the greater San Francisco Bay area, the California coast from Santa Cruz to Arcata, and inland from Sacramento and the Sierra foothills. About 54% of campers return from year to year and they all share a deep affection for Point Reyes, a love for the natural world and outdoor activities. Many are budding naturalists themselves. We host approximately 50 campers per session and maintain a 3 to 1 camper to staff ratio. Our small enrollment allows staff and campers to share a great deal of quality time. Staff members have the opportunity to build leadership and teaching skills while living, working, growing and playing in a supportive community of dedicated professional environmental educators.

## **FINGERPRINTING**

All new and returning employees must undergo fingerprint-based background checks through the California Department of Justice and the FBI. Felony conviction is cause for immediate disqualification or dismissal.

## **FIRST AID & CPR CERTIFICATION**

All new and returning employees must hold current Standard (or higher) First Aid and CPR (adult & child) certification before staff training begins.

## **CLASS B COMMERCIAL DRIVER'S LICENSE**

### **Naturalists Only**

Naturalists are required to have a clean driving record and must obtain a Class B Commercial Driver's License so that they are able to drive 15-passenger vans. Naturalists who do not already have a Class B License license are required to do the following before camp begins:

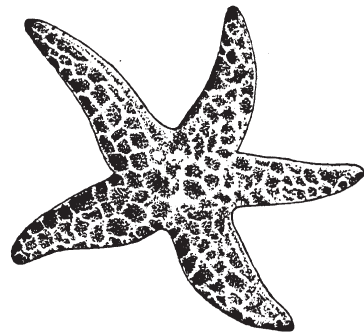

1. Pass a "DMV Physical" and submit form DL51 to the California Department of Motor Vehicles (PRNSA will reimburse the cost of the physical and all required DMV fees)
2. Pass the written portion of the Class B Driver's Test given by the DMV.
3. Pass the practical driving portion of the Class B Driver's Test given by the DMV. (PRNSA will provide a 15-passenger van driver's training session and the use of our van for the practical).

## **APPLICATION PROCESS**

**Please fax or mail (no emails, please) a completed application packet prior to the February 26, 2010 priority deadline. Early submissions are strongly encouraged.**

To apply, mail or fax the following (no emails, please):
