Facility & Grounds Cleaning in Preparing for Departure Day Site Inspection

As stipulated in the Use Agreement, each group who occupies the Clem Miller Environmental Education Center is required to thoroughly clean the site prior to departure and according to the guidelines posted. When a group is well organized and adequately supervised, the entire facility and grounds can be cleaned in 1.5 to 2 hours.

One or two PRNSA staff members will arrive for a site inspection and check-out appointment prior to departure. Please allow a minimum of 45 minutes for inspection and check-out.

The sleeping cabins, Annex, Main Lodge, porch, picnic area, and grounds must be thoroughly cleaned by the scheduled inspection time.

Once the bathhouse is cleaned & mopped, please lock the front doors and have participants use the bathroom in the main lodge for the remainder of your stay.

PLEASE NOTE: Groups may not leave the site before the facility passes inspection.
**SLEEPING CABINS (30 minutes – 1 adult crew leader, all members of cabin group)**
